

GENERAL RULES

All the students are required to wear the prescribed school uniform. Irregular attendance, habitual idleness, disobedience to orders/misconduct or injuries to the moral tone of the school will be sufficient reason for the expulsion of a student

Any kind of damage done to the school property has to be made good by the offender.

Students should not bring extra money or costly items to the school. The school is not responsible for any mishap that may be caused on account of such item.

Students are strictly forbidden to introduce objectionable literature in the school or to purchase any article or food from unauthorised vendors near the school premises.

fee will be charged for all 12 months

Late fee of Rs. 20/- will be charged from 11th to the last working day

Sports and co- curricular

*'Do you know what my favourite part of the game is?
The opportunity to play'* **-Mike Singletary**

sports and games make you more fit, they make your muscles stronger and keep the bones, heart and lungs in good condition, when you play group sports you learn to become a team player

We at K.V.M. strongly emphasize on indoor as well as outdoor games to foster holistic development of the children. A strict academic curriculum can lead to stunted growth of an individual. These activities aid in a student's personality development, giving him/her a chance to thrive beyond the subjects prescribed in the syllabus. The school offers facilities for Yoga, Aerobics, Drawing and Painting, Dance, Music, Quizzes, Debates, Essay Writing, Poem Recitals, Story Writing and Spelling Bees.

We provide out-of-the-box
learning in a creative
environment

“Chairperson’s Message”

“Everyone has inside of him a piece of good news. The good news is that you don’t know how great you can be! How much you can love! What you can accomplish! And what your Potential is!”

Anne Frank (aged 14 years) from
“ **The Diary of a young Girl**”.

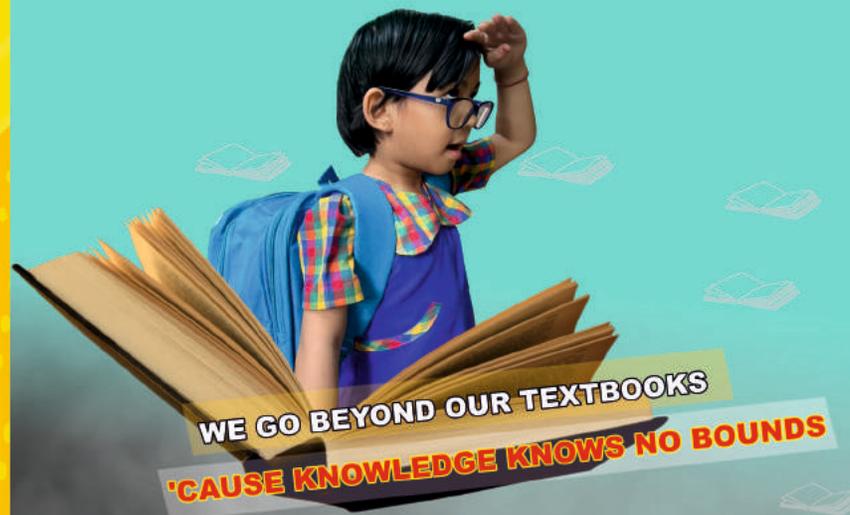

Echoing the same sentiments, we at KVM endeavor to raise happy, positive and balanced students and guide them to realize their highest potential. Our aim is to create curious,

Requiring minds who eagerly explore ideas and concepts and can communicate them confidently and effectively. By providing them varied experiences and perspectives, we hope to develop our students into global citizens, who appreciate differences and will nurture the planet and create a peaceful world. Our integration of values and morals into the everyday curriculum validates the emphasis we lay on creating principled citizens of the country. The school focuses on customized attention on every child apart from the top tier infrastructural facilities. We tend to bring out the best in each child by stimulating creative curiosity and visionary thinking in them. The school forms a professional world environment for the teachers, at the same time, they treat children like their own and thus develop a special bond with their students.

It is only because of the support we have gained through our parents, teachers and the entire KVM family, the school has reached to the epitome of glory and has got the name which has become a synonym for reliability. I would like to thank each and every individual who has been a part of this wonderful journey and I hope that the school shall continue to prosper and bring about the change for which this school came into existence.

KVM Public School stands not only for academic excellence but for an all round development of the personality of the child with high moral standards, self discipline and self control. At KVM, learning and education is fun. Our School is a “home” in a completely different paradigm. A home, which encompasses within itself the convergence of the divergent cultures, sanskars. In this melting pot children learn to develop holistic skill which mould them into the class of ideal Global responsible citizens, prepare them to contribute proactively to this universe where children as individual human beings are encouraged to go out and think independently, diversify their thoughts and translate them into positive actions and goals.

- i) To provide quality education to the wards of all sections of the society at affordable fees.
- ii) To focus on all round development of the child’s personality
- iii) To inculcate in the students a sense of self discipline and self reliance
- iv) To instill honesty integrity and a sense of duty.
- v) To foster in a child a spirit of non violence, truth, love, sacrifice and service to humanity.
